COSHH Additional Details	
<b>Spillage Procedure</b>	PPE should be worn when dealing with any spillage. Small spillages: Flush away spillage with plenty of water. Large spillage: Contain and absorb spillage with sand, earth or other non-combustible material. Collect and place in suitable waste disposal containers and seal securely.
<b>Disposal</b>	Less than 5 Litres flushed with water to sewer. Larger amounts disposal by waste approved waste contractor.
<b>First aid procedure/symptoms: Inhalation</b>	Remove from exposure. Keep warm and at rest position comfortable for breathing. If discomfort persists seek medical advice. No specific symptoms known.
<b>First aid procedure/symptoms: Skin contact</b>	Wash with plenty of water. No specific symptoms known. But prolonged or excessively repeated skin contact could lead to removal of natural oils from skin.
<b>First aid procedure/symptoms: Ingestion</b>	Do not induce vomiting unless instructed to do so by medical personnel. Rinse mouth with water and drink one or two glasses of water. Seek medical advice if discomfort persists. No specific symptoms known. May cause discomfort if swallowed.
<b>First aid procedure/symptoms: Eye contact</b>	Rinse immediately with plenty of water. Remove any contact lenses and open eyelids wide apart. Continue to rinse for at least 15 minutes. Get medical attention. Symptoms: May cause temporary eye irritation. Prolonged contact may cause severe redness and tissue damage.
<b>Health Surveillance</b>	Check hand skin monthly
