

PARKER CC

Environmental Policy

Parker Contract Cleaning (PCC) is aware that its business operation can have a significant impact on the environment. We rely on the stakeholders to partner us in ways to reduce the impact it has on the environment by a process of continual improvement.

We make the following commitments through our stakeholders:

- To protect and improve our environment by saving on harmful emissions from our vehicles
- To encourage the supply chain to work to environmental targets
- To ensure compliance with relevant environmental legislation and Government targets related to our operations
- To use where practical the latest technology to develop sound environmentally conscious means of providing our services
- To educate and train our employees in the use of environmentally conscious practices, recognising what their roles are, they are also responsible for protecting the environment
- To set and achieve our environmental objectives and targets
